# GLOBAL PUBLIC COMPANY ACADEMY

The Global Public Company Academy is a series of webinars designed to provide those who work with public companies (in-house counsel, directors, and executives) with comprehensive advice on matters relating to capital markets transactions; federal securities laws compliance; corporate governance; environmental, social, and governance criteria; stakeholder engagement; executive, equity, and director compensation; and the ever-changing responsibilities of board members, as well as relevant litigation developments impacting public companies and companies intending to go public. The webinars bring together Morgan Lewis's securities, corporate governance, executive compensation, and litigation lawyers to cover updates on current developments impacting public companies.
