The three categories of gross notional exposure are less than 10%, 10%-149%, and 150% or more.

Calculating Gross Notional Exposure

Gross notional exposure of an account =

the dollar amount of any borrowings + the gross notional value of all derivatives

the RAUM of the account

Gross Notional Value: The gross nominal or notional value of all transactions that have been entered into but not yet settled as of the reporting date. For contracts with variable nominal or notional principal amounts, the basis for reporting is the nominal or notional principal amounts as of the reporting date. For options, use delta adjusted notional value.

Borrowings: Borrowings include secured borrowings and unsecured borrowings, collectively.

Umbrella Registration

- 5 General Requirements to Rely on Umbrella Registration
 1. The filing adviser and each relying adviser advise only private funds and clients in SMAs that are *qualified clients* and are otherwise eligible to invest in the private funds advised by the filing adviser or a relying adviser and whose accounts pursue investment objectives and strategies that are *substantially similar* or otherwise related to those private funds.
 2. The filing adviser's principal office and place of business is in the United States and therefore all of the substantive provisions of the Advisers Act and the rules thereunder apply to the filing adviser's and each relying adviser's dealings with each of its clients, regardless of whether the client is a US person.
 3. Each relying adviser, its employees and the persons acting on its behalf are subject to the filing adviser's supervision and control, and therefore each relying adviser, its employees and the persons acting on its behalf are "persons associated with" the filing adviser.
 4. The advisory activities of each relying adviser are subject to the Advisers Act and the rules thereunder, and to examination by the SEC.
 5. The filing adviser and each relying adviser operate under a single code of ethics, and a single set of written policies and procedures administered by a single CCO.

Umbrella Registration

- Important to note that Umbrella Registration is NOT available for exempt reporting advisers.
- Considerations for advisers with non-US offices/advisory affiliates.
- Advisers should consider prior positions taken with respect to “relying advisers” in assessing reporting obligations going forward.
